

# Flat Morah Lianna

**Hey Grade 2!**

**I missed you all way too much, so I decided to shrink and flatten myself so we could spend some more time together! Here's what I'm thinking... Below is an "activity card" with all of my favourite things to do and I would LOVE to do them with you! Choose some of the activities from below and take a picture/video of us doing them together (no rush to do them all today or even this week... we have time!). I can't wait to see all of the fun things we do! Bonus: take a picture of us doing some of your favourite activities, too!**

**Love,  
Morah Lianna**

I love drinking my coffee! Time for us to have a drink together... I recommend some hot coco, chocolate milk, juice, or water for you!	I think it's time to move our bodies! Can you do a short work out with me? Just please no burpees!!	I have so much more time to read now that I am staying home! I would love if you would read a book to me!	Time for some fresh air! We could go on a walk together, ride your bike, do chalk art, anything you want - just make sure you bring me!
What's my favourite activity in the whole world?! YOU GOT IT! Time for a dance party!! You can even play your favourite song!	I am hungry for a snack! Snap a picture of us having something yummy to eat!	Everyone seems to be doing puzzles lately! I don't have any at my house... but do you have a puzzle that we can do together?	Morah Lianna is thinking of getting a puppy.. Do you have a pet at home that I can meet?
I miss working in the classroom with you! Take a picture of me helping you with your school work!	LET ME TAKE A SELFIE! Can you take a selfie of us? Bonus points if you're with your whole family!	I love to snuggle my stuffed animals! Can I snuggle with some of yours?	I have been staying connected with friends and family on Facetime! Can I get connected with some of your friends and family on video chat?
As you know, my favourite colour is turquoise! Do you have anything turquoise in your house that you can show me?	I need a new T.V show to watch!! Can you watch your favourite T.V show or movie with me?	Have you tried any of the extra websites at the bottom of the schedule? Take a picture of us checking them out together on your laptop/tablet!	These last couple of months at home, I have started baking a lot of muffins! Let's bake your favourite recipe together!

Print and cut me out!
